

CHAPTER IV

CONCLUSION

A. Conclusion

This research found out that:

1. There are errors are found in the test item of the *Grand Star Exercise Book* for the Eighth Grade of Junior High School. They are error in stem, options, writing format, and directions.
2. Based on the evidence, the most common error is error on writing format. And the items contain error on writing format are 25 items, while error in stem are 21 items, error in options are 24 items, and error in directions are 7 items.

B. Suggestions

Based on the conclusion above, the researcher has proposed the following suggestions:

- The test items should be written based on the standard of a good test.

- The publisher has to check and edit the writing format of the book after it has been typed.
- The writer should check again the spelling in the book before being published, in order to avoid the error in spelling or mistyping.
- The teachers should not rely on this exercise book alone, but could combine with other sources/books.
- The teachers should be selective in choosing exercise book for students.
- The book should be validated by the linguists or experts.
